

Kazato Research Foundation

7th Kazato Prize Lecture Meeting

On May 11, 2014, the Kazato Research Foundation (Chairman: Michiyoshi Tanaka) held the 7th Kazato Prize Lecture Meeting at the 70th Annual Meeting of the Japanese Society of Microscopy at the Makuhari Messe International Convention Complex.

Many participants were attended, not only members of the Japanese Society of Microscopy but also people from business, research institutions and the general public.

The content of the Kazato Prize Lecture Meeting is listed below, and prompted lively questions from the audience, showing the high level of interest in the lecture meeting.

The Foundation would like to express their sincere appreciation to all the participants.

Chairman's Greeting

Michiyoshi Tanaka (Professor Emeritus, Tohoku University)

Special Lecture 1

Title: Future Trend of Life Science Technologies

Yasuhiro Itakura, Director, Promotion Policy Division,
Research Promotion Bureau

Special Lecture 2

Title: Developments of SXES Electron Microscopes and Their Applications to Materials Science

Masami Terauchi, Professor, Institute of Multidisciplinary Research
for Advanced Materials Tohoku University,

Lectures from the 7th Kazato Prize Winners

Masanori Koshino

Study theme:

[Characterization of structures and electronic states based on single atom and single molecule]

Nanotube Research Center ,Team Leader

National Institute of Advanced Industrial Science and Technology

Kazutoshi Tani

Study theme:

[Structural analysis of two dimensional membrane protein crystals by cryo-electron microscopy]

Associate Professor,

Cellular and Structural Physiology Institute,Nagoya University
